Creative Dance Research

ATTENTION STUDENTS...

You will start picking dances for your **Creative Dance** with your team **this week**. In order to be prepared and ready to go you need to do some dance moves research.

Research Ideas

- Think of dance moves you have learned in the past and share them with your group.
- Make up your own dance move. I would love to see your creativity 😊
- Ask your parents about dance moves that they may know and can teach you.
- Check out any of these sites below or click the blue link below if viewing via my website for more dance moves. Go to Playback speed and slow video down to see dances done slower.
